

# **CURRICULUM VITAE**

## **Name**

Rod G. Gullberg

## **Family**

Married to Karen C. Gullberg  
Three Children (Scott, Luke, Rebekah)

## **Position**

Breath Test Section Supervisor

## **Employer**

Washington State Patrol  
Breath Test Section  
811 East Roanoke  
Seattle, WA 98102

Phone (206)-720-3018  
FAX (206)-720-3023  
E-Mail rod.gullberg@wsp.wa.gov

## **Education**

<b><u>Degree</u></b>	<b><u>Major(s)</u></b>	<b><u>University --- Year</u></b>
Bachelor of Science	Animal Science	WA State U - 1971
Masters	Public Admin.	Eastern WA U - 1978
Master of Science	Biostatistics	Univ of Wash - 2003

## **Professional Training**

Breathalyzer Operator	- 1974
Breathalyzer Technician	- 1977
Breathalyzer Instructor	- 1978
Smith and Wesson Academy Training	- 1979
Verax Systems Inc. Factory Training	- 1985
Supervision For Breath Tests	
Indiana University	- 1986

## **Professional Associations**

Northwest Association of Forensic Scientists  
National Safety Council Committee on Alcohol and Other Drugs  
American Academy of Forensic Sciences - Toxicology Section -  
Provisional Member

## Publications

1. Gullberg, Rodney G., "Variation in Blood Alcohol Concentration Following the Last Drink". Journal of Police Science and Administration, Vol. 10, No. 3, Sept. 1982, pp. 289-296.

## **Papers/Posters Presented**

1. Paper - "Washington's New Proposed Breath Testing Program With The BAC Verifier Datamaster". Northwest Association of Forensic Sciences, Spring 1985, Seattle, Washington.
2. Poster - "Computerized Breath Testing: Washington's Breath Test Program with The BAC Verifier Datamaster". An International Symposium on Driving Under the Influence of Alcohol and/or Drugs, March 1986, FBI Academy, Quantico, Virginia.

3. Paper - "The Mathematical Analysis of Breath Alcohol Profiles Generated as Functions of Time During Breath Expiration". Northwest Association of Forensic Sciences, October 1988, Portland, Oregon.
4. Poster - "The Mathematical Analysis of Breath Alcohol Profiles Generated During Breath Exhalation". Eleventh Intl. Conf. on Alcohol, Drugs and Traffic Safety, October 1989, Chicago, Illinois.
5. Paper - "Within-Subject Multiple Breath Alcohol Analysis in Short Time Intervals". Northwest Association of Forensic Scientists, November 1990, Seattle, Washington.
6. Poster - "Within-Subject Repeatability of Breath Alcohol Exhalation Profile Parameters". American Academy of Forensic Sciences, February 1991, Anaheim, California.
7. Paper - "The Elimination Rate of Mouth Alcohol and Its Implication in Forensic Breath Alcohol Analysis". Northwest Association of Forensic Scientists, October 1991, Coeur d'Alene, Idaho.
8. Poster - "Estimating the Variance in Roadside (Single) and Subsequent Evidential (Duplicate) Breath Alcohol Analyses and Their Forensic Implications". American Academy of Forensic Sciences, February 1992, New Orleans, Louisiana.
9. Poster - "Predicting the Probability of Breath Alcohol Instrument Malfunction Through Application of the Poisson Distribution". American Academy of Forensic Sciences, February 1992, New Orleans, Louisiana.
10. Paper - "Statistical Methodology Employed in the Journal of Forensic Sciences". American Academy of Forensic Sciences, February 1992, New Orleans, Louisiana.
11. Poster - "Comparison of Roadside Breath Alcohol Analysis With Subsequent Analysis in Relating the Evidentiary Results Back to the Time of Driving". International Symposium on Forensic Toxicology, June 1992, FBI Academy, Quantico, Virginia.
12. Paper - "Evaluating the "Steepling Effect" in Breath Alcohol Analysis by Means of Simulated Data". Northwest Association of Forensic Sciences, October 1992, Portland, Oregon.
13. Poster - "Employing Simulated Data to Evaluate the "Steepling Effect" in Breath Alcohol Analysis". American Academy of Forensic Sciences, February 1993, Boston, Mass.
14. Poster - "Using Control Charts to Evaluate the Effectiveness of Simulator Recycle Tubing in Breath Alcohol Instruments", American Academy of Forensic Sciences, February 1993, Boston, Mass.

15. Poster - "Statistical Treatment of Duplicate Breath Alcohol Analyses", American Academy of Forensic Sciences, February 1994, San Antonio, Texas.
16. Poster - "Design and Statistical Considerations in Comparing Blood and Breath Alcohol", American Academy of Forensic Sciences, February 1994, San Antonio, Texas.
17. Paper - "Computational Uncertainty Associated with Retrograde Extrapolation of Breath Alcohol Results", Northwest Association of Forensic Sciences, November 1994, Vancouver, B.C.
18. Poster - "Application of Confidence Intervals to Breath Alcohol Analysis", American Academy of Forensic Sciences, February 1995, Seattle, Washington.
19. Paper - "Statistical Analysis of Duplicate Blood Alcohol Data From a Forensic Toxicology Laboratory", American Academy of Forensic Sciences, February 1999, Orlando, Florida.
20. Paper - "Reporting Blood and Breath Alcohol Results: Statistical Aspects", International Association of Forensic Sciences, Breath Alcohol Workshop, Los Angeles, California, August 1999.
21. Paper - "Methodology and Quality Assurance in Forensic Breath Alcohol Analysis", The Robert F. Borkenstein International Symposium on Alcohol and Forensic Science, Taipei, Taiwan, December 1999.
22. Paper - "The Inadequacy of Instrumental 'Mouth Alcohol' Detection Systems in Forensic Breath Alcohol Measurement", Northwest Association of Forensic Sciences, Seattle, Washington, October 2000.
23. Poster - "Factors Associated with Breath Test Refusal in Drunk Driving Cases", American Academy of Forensic Sciences, Seattle, Washington, February 2001.
24. Paper - "Common DUI Defense Challenges in Forensic Alcohol Analysis", California Association of Toxicologists, Santa Rosa, California, August 2003.
25. Paper - "Using Breath Alcohol Data From an Enforcement Perspective", Lifesavers Conference, San Diego, CA, March 2004.
26. Paper - "Forensic Breath Alcohol Measurement: The Mathematical Perspective", Texas Criminal Defense Lawyers Association, Arlington, Texas, March 2004.
27. Paper - "Determining the Total Uncertainty in Forensic Breath Alcohol Measurement", Northwest Association of Forensic Sciences, Seattle, WA, November 2005.
